To,

The Principal
Andaman Law College
Phoenix Bay

Sub: Demands and issues pertaining to students of ALC reg.

Respected Sir,

The Akhil Bhartiya Vidyarthi Parishad is World's largest student's organization working since 1948. In this Islands ABVP is working since 1998.

Our college is a newly established college passing through an infant stage. This is the only institution imparting legal education in our Islands and over the years our students has proved that ALC is sharpening the youths of our Islands by making them legally aware and socially vibrant.

In this upcoming session after the admissions of the fresher's the strength of students will increase, so our college needs some infrastructural upgradation.

We appreciate your educational leadership as each and every issue of students are taken care by you personally. However there are some issues which are very important in student's perspective. We would like to apprise you some of the serious problems which we are facing at ALC. We would like to bring your kind attention on the following important issues.

- 1) As a number of students of our college are from inter-Islands and also from low internet connectivity zones, many of them are unable to attend online classes conducted by our college, due to poor internet connection.

For this reason some of the other methods can be used by which all the students can get benefits of online classes, methods like uploading screen recording of online classes, voice and video recordings of the lectures by our faculties on an open source internet platforms can be a very fruitful techniques by which students can listen to lectures given by learned faculties so that students can download the videos when they have better access to internet. We also request please don't take attendance till the problem of slow internet is resolved.

- 2) Delivering of lectures on the topics covered in online classes once again after Re-opening of the colleges.

We the students and college administration knows very well that till date (After CANI OFC) Andaman administration fails to provide better Internet connection particularly in inter islands, then it's the responsibility of college administration to conduct same lectures for the students who are unable to attend the online classes due to poor network connectivity.

- 3) Arrangement of hostel facilities for inter-island's students (Boys Hostel).

- For which Vacant Hostel of ANIIMS may be used, situated near Model School.
- Or any govt. buildings/quarters may be used, with the prior permission of administration.

At Present many students are facing problem and that's why we request you to resolve this problem at the earliest.

- 4) Availability Reference Book in the college library should be increased.

5) To setup Canteen in the college premises.

There is a genuine need of a canteen for the college as we stay 5-6 hours per day. We do have spare room/space which may be used as canteen space.

6) To conduct Intra-college Moot Court Competitions regularly for developing advocacy skills among students by conducting additional orientation and intra college moot court sessions by our law faculty members.

When the students from our college participate in the moot courts organized in the mainland, the major problem they face is lack of experience and training which can only be developed by the continuous practice.

7) NCC and NSS in our college campus should be started

Apart from studies and periphery of the course student should be trained to devotion towards nation and socially responsible and volunteering behavior. To achieve this goal we request to commence NCC and NSS program in our college.

8) Instead of payment through DD system electronic method of fee payment may be adopted.

9) Upgrading the exiting computers and increasing the number of computers in the computer lab.

These are some genuine grievances of the students of this college. We hope that your dynamic leadership will understand students problem in the right context will found out the best possible solution. We hope that the students will not suffer for long and concerns of the students will be resolved at he earliest.

Vandemataram

Thanking you

Yours faithfully,
In service of motherland

R. Bala Krishnan
